PeacePadAI — Visual Storyboard (v3.0)

■ **Overview:** A visual concept showing how PeacePadAI integrates emotional intelligence, inclusivity, and playfulness in its interface.

Feature	Visual Description	User Interaction
Profile Setup	Nickname input + emoji/photo upload fields. Clean centered layout, rounded input boxes.	User adds nickname and avatar before entering chat.
Hint Toggle (Clippy 2.0)	Bottom-right animated paper clip mascot. Idle bounce animation, Fortnite-style dances.	Click to toggle hints ON/OFF. When ON, Clippy gives...
Daily Affirmations	Soft gradient banner at top of chat with uplifting quote.	Appears daily or post-conversation. User can dismiss
Mood Check-In	Centered modal popup with emoji faces (■ ■ ■) and optional note box.	Triggered at session end or once daily. Skippable.
Inclusivity Layer	Multicultural avatars, diverse emojis, multi-language toggle.	Users can switch language or avatar tone anytime.

■ Clippy 2.0 Behavior

• **Idle Mode:** Gentle coil bounce, smiling expression.
• **Dancing Mode:** Triggered randomly or after positive tone detection. Performs short Fortnite-style emotes.
• **Hint Mode:** Pops small speech bubbles near buttons ('Hey boss, try the record button!').
• **Off Mode:** Dims slightly, folded arms animation. Tooltip reads: 'Click to bring me back to life!'

■ Affirmation Banner

• Displayed at top of chat, gentle fade-in/out.
• Gradient color (lavender → gold).
• Text examples:
– 'Peace starts with listening — even to yourself.'
– 'Patience is a gift your kids will feel.'
• Optional morning/evening schedule.

■ Mood Check-In Layout

• Modal overlay with 3 emoji options and optional text note.
• Smooth transition animations.
• Data logged anonymously for emotional insights.
• Optional AI-driven follow-up recommendations (future iteration).

■ Inclusivity Layer

• Avatars reflect cultural diversity (African, South Asian, East Asian, etc.).
• Family depictions include single parents, blended families, and elders.
• Language options: English, Urdu, Tamil, Tagalog, Hindi, French.
• Accessibility: ARIA labels, high contrast, text resizing, voiceover-ready tooltips.

Designed for Peace, Inclusion, and Emotional Intelligence — PeacePadAI, 2025.
